## **Conflict Materials Policy Statement**

### *Dodd-Frank Act and related U.S. SEC Rules*

To all concerned,

As many of our suppliers and customers have acknowledged publicly, the Dodd-Frank Act<sup>1</sup> created a new expectation for product manufacturers, which may be far removed from the source of the raw minerals in their products.

As a responsible company, Décovi SA supports the goal of the Dodd-Frank Act of preventing armed groups in the Democratic Republic of the Congo and adjoining countries from benefitting from the sourcing of Conflict Minerals from that region.

As a manufacturer of tungsten oscillating weights, Décovi sources sintered tungsten in the form of cylindrical billets. As a result, we cannot certify the country of origin of the minerals contained in the products manufactured by our supplier, and he himself cannot make this commitment for reasons of traceability.

On the other hand, we can certify that we do not buy minerals directly, but only material that has already been processed, whatever the source. In addition, we make every effort not to purchase products containing conflict minerals that could directly or indirectly finance or benefit armed groups in the DRC or neighbouring countries.

Décovi fully understands the importance of this issue to its customers and is committed to supply chain initiatives and overall corporate social responsibility and sustainability efforts that work towards a DRC Conflict Free supply chain. We encourage all of our suppliers to likewise support these efforts.

Vicques, July 5<sup>th</sup> 2023

Cédric Chèvre, CEO
